

Finding Petroleum Forum #21 “3D Onshore Seismic”

Welcome & Introduction

Finding Petroleum Forum(s)

A regular series:

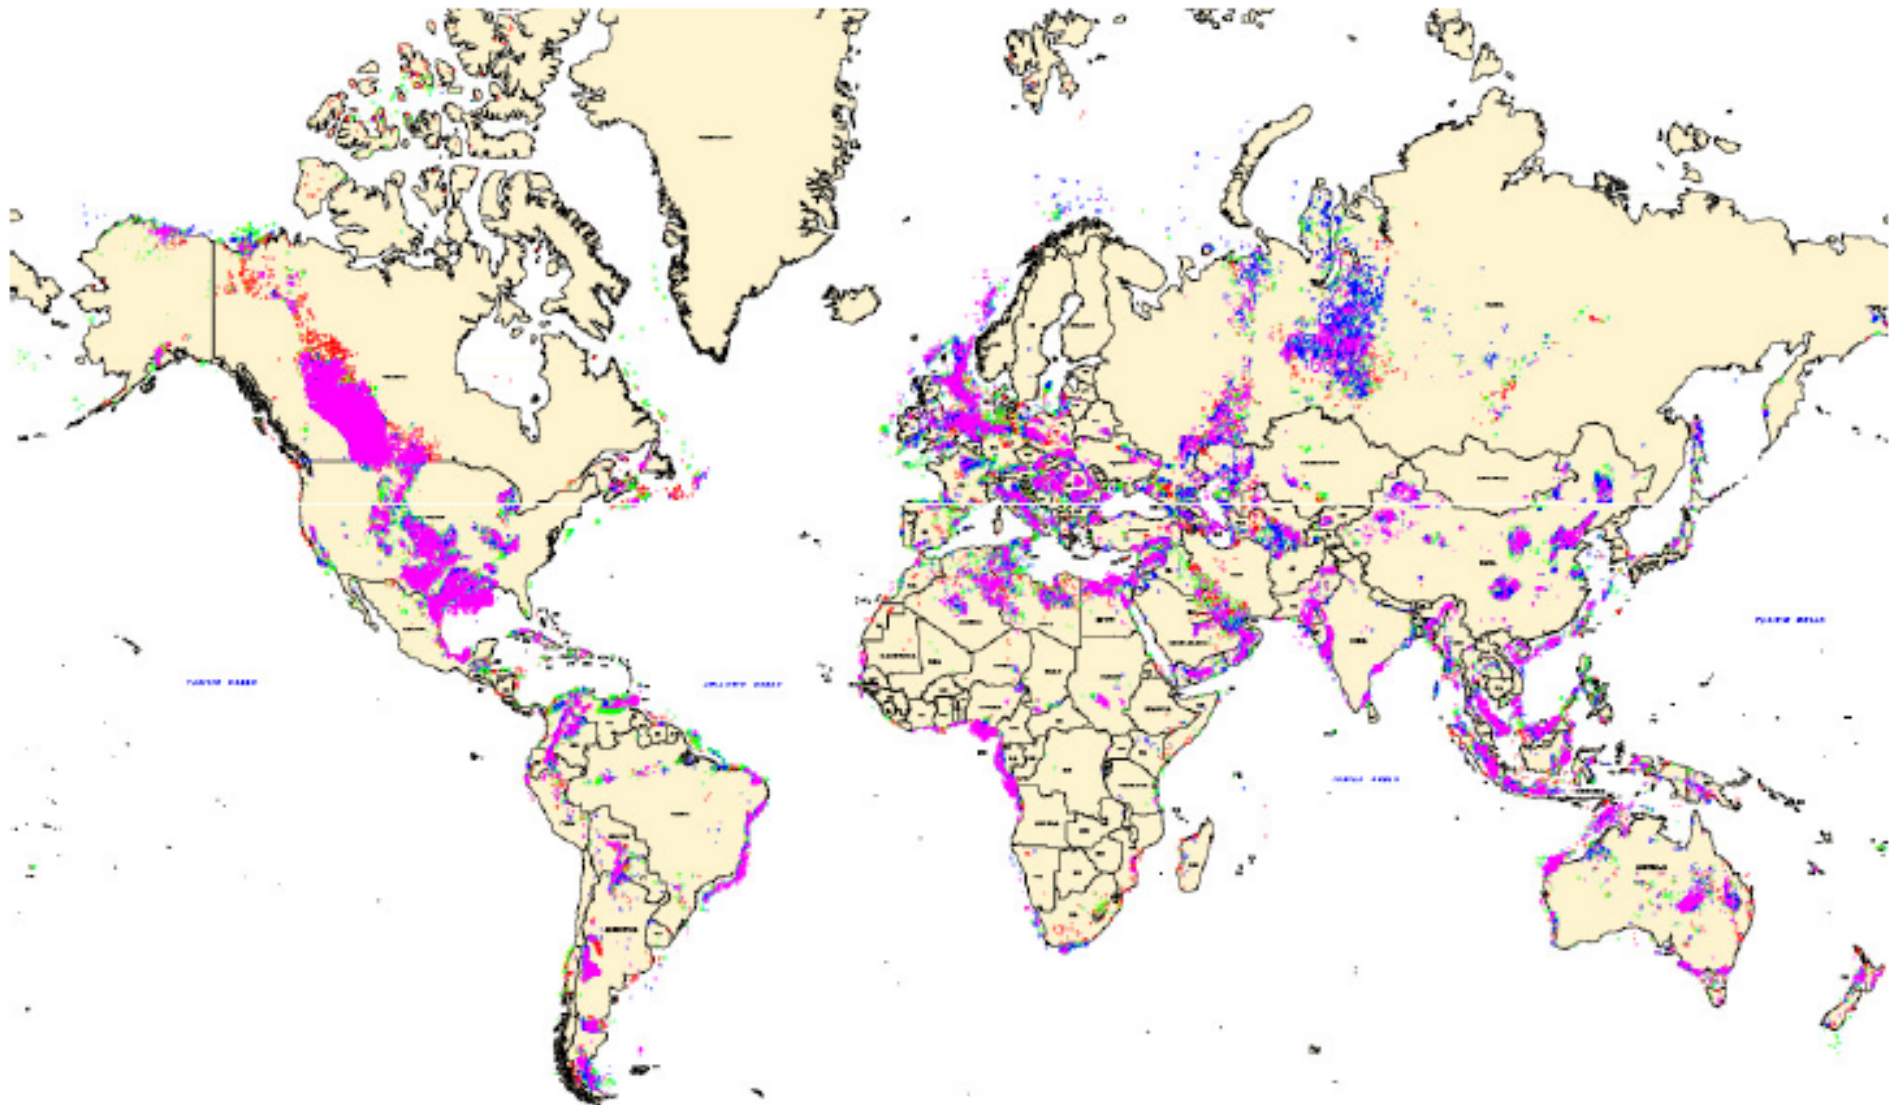

- ✓ *Focussing on exploration, technology, innovation*
- ✓ *Allowing companies to explain, and oil & gas professionals to master, the latest developments*

Based on:

- *Presentations by leading, innovative, companies*
- *Networking opportunities (+ a free lunch!)*
- *Video-streaming of presentations through **Finding Petroleum** web-site*

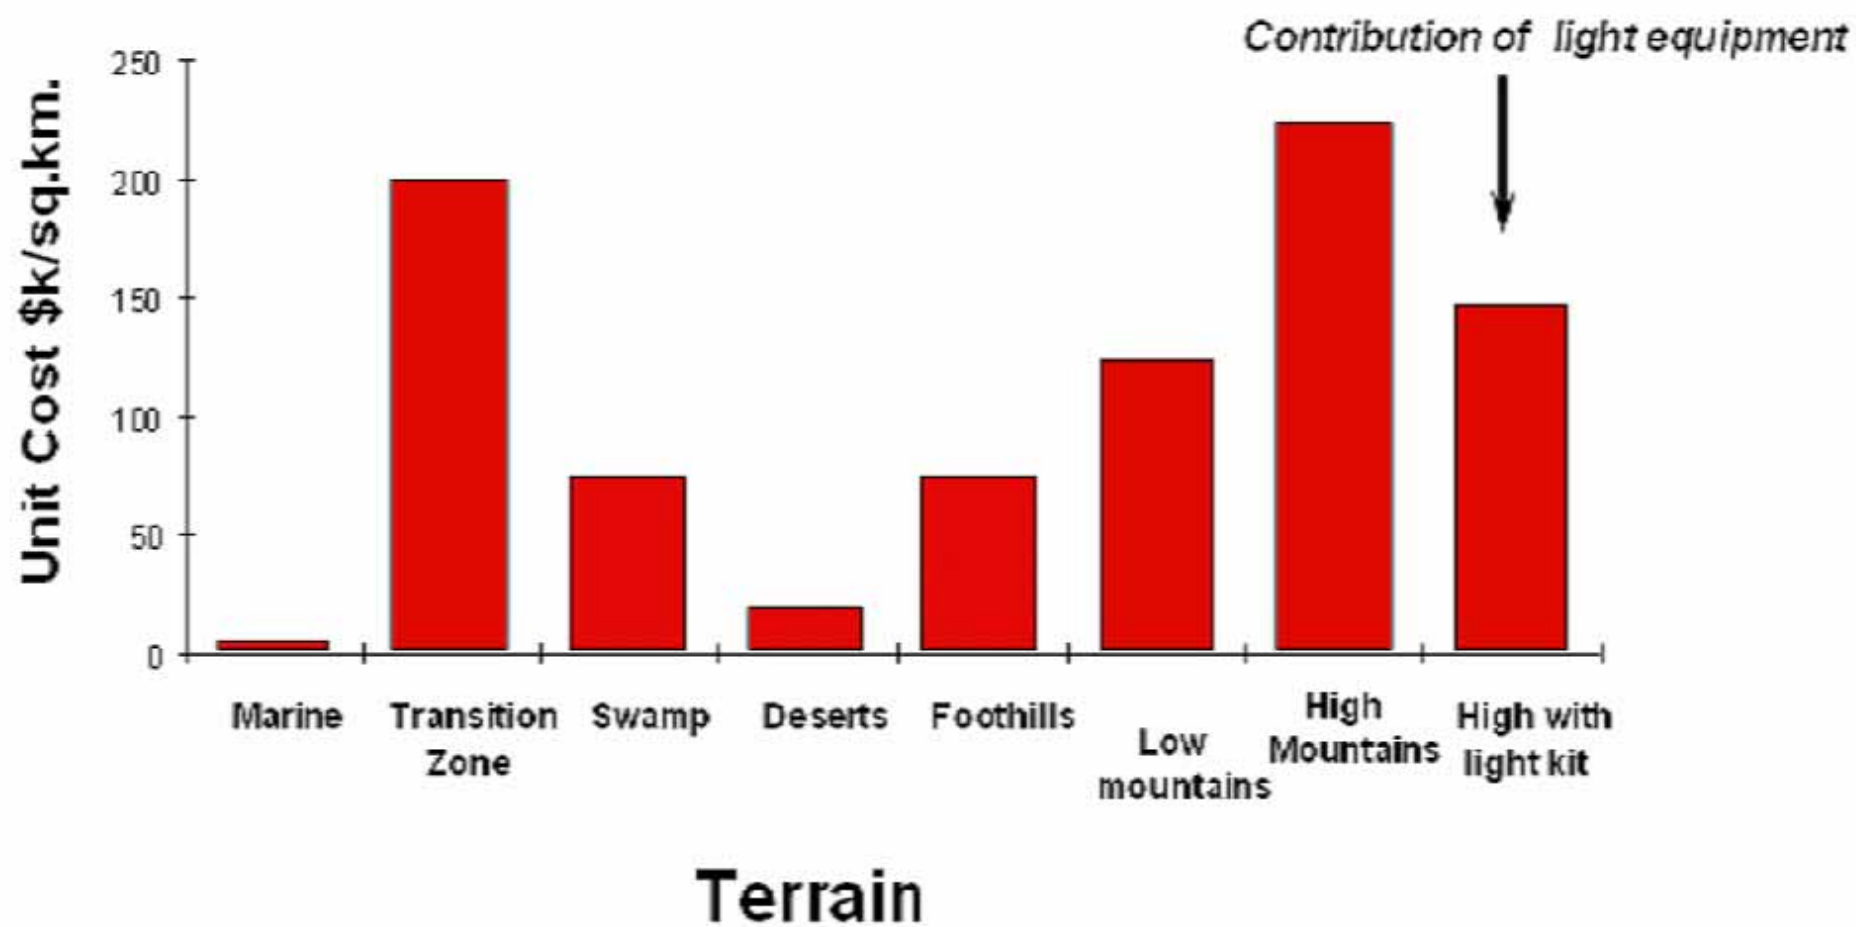

.....so no need to scribble notes or to draw diagrams – it'll all be on the Net in a few days.....

200,000 global wildcat wells since 1965+ increases the challenge
